

CHESAPEAKE'S GOAL in the APPALACHIAN BASIN

To become the operator of choice in the Appalachian Basin through advanced technology drilling, safe, environmentally sensitive operations and good corporate citizenship.

THE CHESAPEAKE ADVANTAGE

- Most active driller in the U.S.
- Largest independent producer of natural gas in the U.S.
- Exclusively focused on clean, secure, domestic natural gas
- Interests in approximately 37,500 producing oil and natural gas wells
- Largest combined inventories of onshore leasehold (12.5 million net acres) and 3-D seismic data (18.5 million acres)
- 98% drilling success
- More than 6,000 employees strong
- In-house engineers to design, build and maintain wells
- Our own drilling company
